

Yacht Classic RH

A fleet of history and values.

Yacht Classic RH

Yacht Classic RH

GOD CREATED THE WIND AND THE SEA,
HUMANKIND MADE A MYTH TO SAIL IT.
WE ARE GUARDIANS OF VALUES AND COMMON GOOD
WE ARE THE YACHT CLASSIC RH FLEET.

Yacht Classic RH

OUR GOAL

To create a fleet of owners and lovers of vintage and classic sailing boats, engaged in a social and cultural action of sharing, training and inclusion, aimed at young people and families.

The aim is to narrate the evolution of sailing in the events, rallies and regattas in which the boats of the fleet are engaged, relating their era to the historical and artistic context of the territory.

Our desire is to combine moments of sociality, culture and fun that stimulate interest in sailing and foster the development of related skills and expertise among the new generations, with attention on the values of the centrality of the person and respect for Creation.

Yacht Classic RH

We are shipowners, crews and friends, united in a **fleet** of vintage and classic yachts, named "**Royal Heritage**". Our aim is to be messengers of values, pursuing not the goal of having, but of being: in behavior, inclusion and sharing. Keepers and ambassadors of these principles for the community and the new generations.

Yacht Classic RH

OUR IDENTITY

Founded in Italy on August 4, 2024 with the aim of aggregating for value purposes in particular the owners of the famous Finnish 'cygnus', the Association has then developed and extended to all lovers of vintage and classic sailing ships focused on the use of sailing as a **tool of social action** for the cultural growth of young people and the territory.

OUR MEMBERS

They are owners, crews, and enthusiasts of Classic Yachts, who seek to bring the world of sailing, regattas, and rallies closer to **young people, families, and communities**, uniting the culture of beauty with history.

OUR EVENTS

We organize activities aimed at sharing the history of the fleet's boats, contextualizing them in their construction years and in relation to the places that welcome them. Our events aspire to make people savor the art of sailing, expanding it to the stories of those who live it and the world in which it is immersed. Stories of crews, people, artists and their masterpieces. Events that involve art, cuisine, skills and traditions of the territory.

Yacht Classic RH

THE PARTNERS

The Association carries out its activities through collaborations with administrative, sporting, cultural and social bodies. With them we offer happenings, training moments on board the fleet's sailing ships, artistic events, seminars on the themes of the sea and sustainability and exhibitions related to the era of our owners' boats.

The Association's partners are those who reach out to young people and families to implement training and inclusion projects, using classic sailing as a tool for sharing Goodness and Beauty.

WHERE WE ARE

The activities are proposed in the context of events and meetings that have the support of the Association, as well as in sailing rallies and regattas in which boats of the owners of the Fleet participate as ambassadors of our social action.

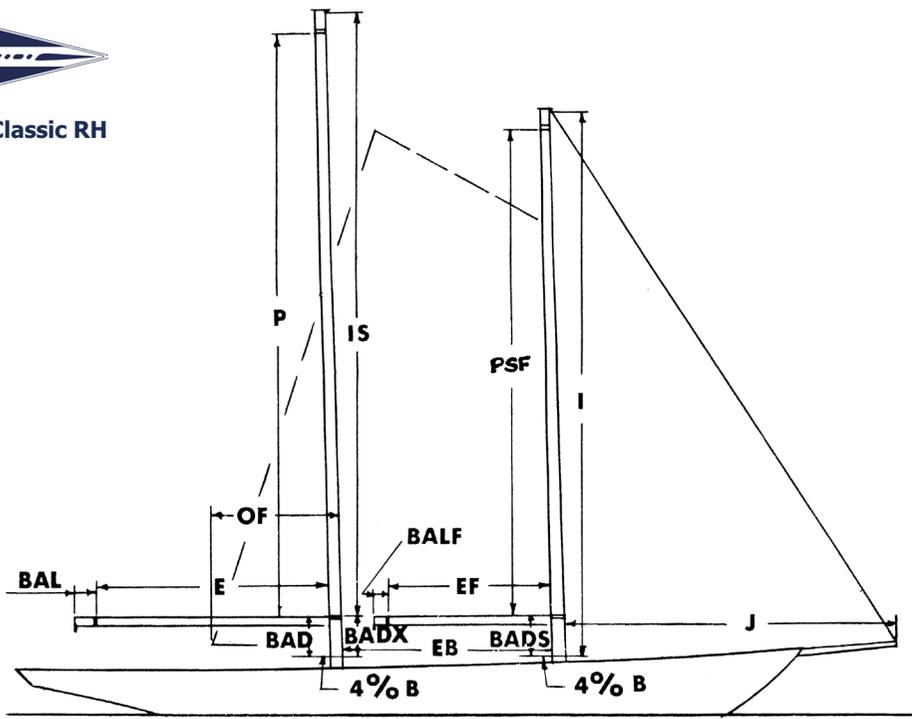

The Association has its registered office in Turin (Italy) and delegations can be opened anywhere in the world on request.
